

# You Were Right

## Built to Spill

You were wrong when you said  
Everything's gonna be alright  
Yeah, you were right when you said  
Everything's gonna be alright You were right when you said  
All that glitters isn't gold  
You were right when you said  
All we are is dust in the wind You were right when you said  
We're all just bricks in the wall  
And when you said  
Manic depression's a frustrating mess You were wrong when you said  
Everything's gonna be alright  
Yeah, you were wrong when you said  
Everything's gonna be alright You were wrong when you said  
Everything's gonna be alright You were right when you said  
You can't always get what you want  
You were right when you said  
It's a hard rain's gonna fall You were right when you said  
We're still running against the wind  
Life goes on long after the thrill of living is gone  
You were right when you said  
This is the end Do you ever think about it?  
Do you ever think about it?  
Do you ever think about it?  
Do you ever think about it?
