Make You a Star

Squad Five-O

Well, you're six foot two, full of attitude
With your sunglasses on at night
You got the whole crowd screaming for more
But you don't like itHe's a has-been, not you, you're a will be
You could be if given the chance
So tell me how much did you pay for those pantsAnd all the girls think you're out of sight
Now all the kids are gonna stand in lineThey are, yeah, they are
They're gonna make you a star
Well, they are, yeah they are
They're gonna make you a starAnd they hit the ground as they all fall down
Checked by your ego at the door
So tell me have you heard, what's the word?
Knee jerk reactionYou've been uptown, downtown, been all around town
You ain't found nothing new
And there ain't nobody here got nothing on youAnd all the girls think you're out of sight
Now all the kids are gonna stand in lineThey are, yeah, they are
They're gonna make you a star
Well, they are, yeah they are
They're gonna make you a starWell, they are, yeah, they are
They're gonna make you a star
Well, they are, yeah they are
Gonna make you a starWell, you're six foot two, full of attitude
With your sunglasses on at night
You got the whole crowd screaming for more
But you don't like itHe's a has-been, not you, you're a will be
You could be if given the chance
So tell me how much did you pay for those pantsWell, they are, yeah, they are
They're gonna make you a star
Yeah, they are, yeah, they are
Gonna make you a starYeah, they are, yeah, they are
They're gonna make you a star
Yeah, they are, yeah they are
They're gonna make you a starGonna make, gonna make you a star
They're gonna make, gonna make you a star
They're gonna make, gonna make
Gonna make you a starGonna make, gonna make you a star
They're gonna make, gonna make you a star
They're gonna make, gonna make
Gonna make you a starGonna make, gonna make you a star

Gonna make, gonna make you a star
Gonna make, gonna make
