Two Timer

Cleopatra

Are you a two timer
Are you a two timer
Are you a two timer
Are you a two timer
Are you a two timer
Are you a two timerBaby, are you a two
I've been hearing that I never was your girl
Is there some kind of explanation
I heard she drives a fancy car, wears coats of fur
Or is that the wrong descriptionI've been searching for this girl
But I can't find her
So please tell me it's a lie, oh pleaseAre you a two timer
Are you two timing me
Are all of our friends liars
Should I believe what they say, yeahTime and time again you're telling me these lies
Do you expect me to believe them
Are you searching for a tabloid's paradise
Oh, oh, yeahI've been searching for this girl
Well, I can't find her
So don't tell me lies babyAre you a two timer
Are you two timing me
Are all of my friends liars
Should I believe what they say, yeahAre you a two timer
Are you a two time
Are you a two time
Are all of my friends liarsAre you a two time
Are you a two time
Are you two timing meBaby, are you just playing me
Here you come again telling me
Should I believe what they sayOr are you two timing me
No, no
Are you a two timer
Should I believe it baby
Should I believe you babyAre you a two timer
Are you a two timer
Are you a two timer
Are you a two timerAre you a two timer
Are you two timing me
Are all of my friends liars

Should I believe what they sayAre you a two timer
Are you two timing
Are all of my friends liars
Are you a two timer
Are you a two timerAre you a two timer
Are you a two timer
Are all of my friends liars
Are they telling me lies
Are they telling me lies
Oh, no, no
Are you a two
