

# Whatever You Got, I'm Against It

## Murderdolls

Hey, looks like the joke's on you  
you believed every goddamn thing  
except the truth  
Living fast and dying young  
yeah that's the way things they used to be done  
and now there's no one out there left to have some fun  
maybe I care, and maybe I don't  
maybe I will and maybe I won't  
maybe I could, ha, forget it  
whatever you got, I'm against it

The evidence, is so goddamn evident  
I can't believe in something  
that never believed in me  
Living fast and dying young  
yeah that's the way things they used to be done  
and now there's no one out there left to have some fun  
maybe I care, and maybe I don't  
maybe I will and maybe I won't  
maybe I could, ha, forget it  
whatever you got, I'm against it
