

Suicide Machine (Live in Stockholm 2012)

Pain

I never do it for nothing
It's never been for free
I never cared about nothing
Unless it satisfied me My only game is surviving
And try to stay alive
I'm struggling in the underworld
That suffocates my life Suicide Machine - locked up in this cage
Suicide Machine Åf I don't understand They tried to shut me up
They tried to shut me down
They tried to throw me away
I'll never give it up
I'm never gonna stop
I will fight to the end Suicide Machine I'll stand tall, I'll break bones
I'll give them hell
No bullshit Åf I'm still here
You Better catch me dead You have always tried to crush and break me down
But I will never ever give up without a fight
I am the man Åf it will always be me
Dreaming of a life in peace, but it was never meant for me Suicide Machine
