

Be With You

Aicelle Santos

The moment we met
I just couldn't explain
I find myself drawn to you naturally
When I saw your eyes everything changed
And somehow I knew
you were different from the rest
Is it wrong that I feel this way?
I don't know if I should walk away
But my heart tells me otherwise,
for once in my life I want to do what feels right
No matter what they say, we belong together
No matter what I do, can't stay away from you
No matter what they say, we should be together
All I wanna do is to be with you
All I want to do is to be with you
This may not be our time
And the world may not be on our side
But our love is written in the stars
Ohh...All I want to do is to be with you
All I want to do is to be with you
Is it wrong that I feel this way?
I don't know if I should walk away
But my heart tells me otherwise,
for once in my life I want to do what feels right
No matter what they say, we belong together
No matter what I do, can't stay away from you
No matter what they say, we should be together
All I wanna do is to be with you
All I want to do is to be with you
(All I want, all I want is to be with you)
All I want to do is to be with you
(All I want, all I want is to be with you)
(All I want, all I want is to be with you)
(All I want, all I want is to be with you)
All I want to do is to be with you
(All I want, all I want is to be with you)
