Intro

Typical Cats

Fuck choosin' the word use everyone you've ever heard in that case
What better than you can fuse this call in music work
Who's complexities drop next to these concept mcs
Fuck your bomb threats with rhymes please
Put your dogma on a leash kid
These cats come to collect confuse the Calis kush
Crawl into your ear canal connect
Wrestling egos in a life ???
This here's for all the cats searchin' hard for the content
Who wont settle for the nonsense
For those who's intellect just went out ???
The last truth you had
Willin' to spend their final dollars
On their favorite hip hop artist
No matter what the cost is lets start this
