

Don't Hide What You Feel

Gus Gus

Look at life the way it used to be
Easily no matter you see
Though you'll never have the best of everything
You have the best of me
When light shines so bright it blinds your sight
Remember who you are to me
Be sincere, you can't hide what you feel though I know that you do
Be sincere, you can't hide what you feel
People tend to talk a lot, your stories may not come back true
Hope you don't forget your roots, baby
What molded you into the way you came to be
People tend to talk a lot, your stories may not come back true
Hope you don't forget your roots, baby
What molded you into the way you came to be
Be sincere, you can't hide what you feel though I know that you do
do
Be sincere, you can't hide what you feel
Hope you won't forget your roots, baby
Be sincere, you can't hide what you feel though I know that you do
Be sincere, you can't hide what you feel
