

# Coming Of Age (Firebeatz Remix) (Preview)

## Foster the People

Well, I see ya standing there like a rabid dog  
And you got those crying eyes  
Makes me wanna surrender and wrap you in my arms  
You know I try to live without regrets  
I'm always moving forward and not looking back  
But I tend to leave a trail of dead, while I'm moving ahead  
So I'm stepping away  
'Cause I got nothing to say Feels like, feels like it's coming  
It feels like, feels like  
Like a coming of age  
Feels like, feels like it's coming  
It feels like, feels like a coming of age And when my fear pulls me out to sea  
And the stars are hidden by my pride and my enemies  
I seem to hurt the people that I care the most  
Just like an animal I protect my pride  
When I'm too bruised to fight  
And even when I'm wrong I tend to think I'm right Well I'm bored of the game  
And too tired to rage Feels like, feels like it's coming  
It feels like, feels like  
Like a coming of age  
Feels like, feels like it's coming  
It feels like, feels like a coming of age Feels like, feels like it's coming  
It feels like, feels like  
Like a coming of age  
Feels like, feels like it's coming  
It feels like, feels like a coming of age Feels like, feels like it's coming  
It feels like, feels like  
Like a coming of age  
Feels like, feels like it's coming  
It feels like, feels like a coming of age
