

Screaming Dreaming

The Cigarettes

osing your sense of pride
andi» crawling through to dark.
He was all but over looked
by the readers of Fleet StreetConfronted by a similar emotion.
I've been up for 4 nights
trying to get some sleep that never came.A come around
a come around
a come around
See my art decay.
Screaming and Dreaming.It's all tied up come take a look.
I've been crawling on the floor
looking for the door I can't get out
