

Say the Word (Demo)

The Classic Crime

I had months to write a song
That captured who you are
But I fear I have done you wrong
Because I've failed you so far
The chord that struck, an angel fell
Skies went dark and it all comes down
The choices made, the lies forgotten
Oh, well
This is the way that I know
This is the way that I know
I would give everything for some hope
Are you different?
Could I be different too?
Nobody knows you
Nobody knows you like I do
'Cause there's a song outside my window
And it plays to your tune
And there's a life inside this pencil
And it lives for what is true
'Cause I am lost for words, the cost for her
Was way too much to bear
You're not perfect but I don't care
This is the way that I know
This is the way that I know
I would give everything for some hope
Are you different?
Could I be different too?
Nobody knows you
Nobody knows you like I do
Are you different?
Could I be different too?
Nobody knows you
Nobody knows you like I do
Say the word, say the word
Are you different
Could I be different too?
Nobody knows you
Nobody knows you like I do
Yeah, no
Are you different?
Could I be different too?
Nobody knows you
Nobody knows you like I do
Are you different?
Could I be different too?
Nobody knows you
Nobody knows you like I do
