Ocean

Vanessa Elisha

Come to the path to the past
We could touch it just like that
We can go back go back go back, yeah
I'm feelin what we had, what we have
we can do it just like that like that like that like that
Surround me like an ocean (dive in dive in)
Protect me like I'm broken (dive in dive in)I don't know where I go
I don't know where I fit in, yeah
Where do I finish? Where does he begin?
For a little while, try not to feel so educated
when I surround too closer to feel the separation
Oh baby I miss you so, I miss you so I miss you so, yeah
Oh baby I miss you so, I miss you so
Come to the path to the past
We could touch it just like that
We can go back go back go back
I'm feelin what we had, what we have all we had
We could go like that like that like that
Surround me like an ocean (dive in dive in)
Protect me like I'm broken (dive in dive in)A little loud,
enough to feel this admiration,
We could climb back,
your water is my safe haven
Cryin but I love, you are all I wanted
You know I could go up until the morning
That I'm on my own, a mourning
falling into you
Oh baby I miss you so, I miss you so I miss you so, yeah
Oh baby I miss you so, I miss you so
Come to the path to the past
We could touch it just like that
We can go back go back go back
I'm feelin what we had, what we have all we had
We could go like that like that like that
Surround me like an ocean (dive in dive in)
Protect me like I'm broken (dive in dive in)
Surround me like an ocean!
