Do a Runner

The Business

Spend spend spend is the line to take
Keep on buying it's no mistake
Get what you want whenever you can
'Cos Mr. Bank Manager's a nice ol' manWhen your flexible friend just don't want to know
And the bank that says yes starts to say noDo a runner
Have it away on your toesSee your bank it's got plenty of dough
Get credit high and repayments low
Go and buy all the things that you needed
And who gives a damn if the limit's exceeded
