Viva la Fiesta

S Club 7

Oh, viva la fiesta
Oh, viva la fiestaDancin' in the moonlight until the break of day
Just let the rhythm take control
Can you feel the spirit, I know that you can hear it
There's a fever in your soulTake a chance, come on and dance, dance, dance
We're gonna salsa, yeah, we're gettin' down tonight
Everybody come and join the party
Where the music never stopsDon't wait up, I just wanna party forever
Never stop, everybody's dancing together
Don't wait up, I just wanna party forever
Never stop, viva la fiestaOh, viva la fiesta
Oh, viva la fiesta
OhWhen you get that feeling, you're dancin' on the ceilin'
Let the rhythm take control
Everybody's stayin', the music keeps on playin'
There's a fever in your soulTake a chance, come on and dance, dance, dance
We're gonna salsa, yeah, we're gettin' down tonight
Everybody come and join the party
Where the music never stopsDon't wait up, I just wanna party forever
Never stop, everybody's dancing together
Don't wait up, I just wanna party forever
Never stop, viva la fiestaOh, viva la fiesta
Oh, viva la fiesta
Viva la fiestaDon't wait up, I just wanna party forever
Never stop, everybody's dancing together
Don't wait up, I just wanna party forever
Never stop, viva la fiestaDon't wait up, I just wanna party forever
Never stop, everybody's dancing together
Don't wait up, I just wanna party forever
Never stop, viva la fiestaDon't wait up, never stop
Viva la fiesta
