

# Know How

## Kings of Convenience

Riding on this know-how, never been here before  
Peculiarly entrusted, possibly that's all  
Is history recorded? Does someone have a tape?  
Surely, I'm no pioneer, constellations stay the same Just a little bit of danger when intriguingly  
Our little secret trusts that you trust me  
'Cause no one will ever know, that this was happening  
So tell me why you listen, when nobody's talking What is there to know? All this is what it is  
You and me alone, sheer simplicity  
What is there to know? All this is what it is  
You and me alone, sheer simplicity What is there to know? All this is what it is  
You and me alone, sheer simplicity
