It's Too Late

Amanda Perez

You call me on the telephone
And you say you'll never do it again
But you've hurt me once too often dear
And it's just a little late to repent
All your beggin' and pleadin' won't help you
And your lying' and cheatin', I'll take no more
'Cause I told you before and I'll tell you again
Chorus:
You liar, liar
It's too late, it's too late
It's too late, it's too late
I know, that I never wanna see you again
And now don't you go, tellin' lies about me to your friends
'Cause I've heard them before and you know it
That's I've waited this long just to show it
So take all of your heartaches and leave me alone
'Cause I know, you know, they know
It's too late - I've walked out the door
It's too late - To tell me you're sorry
It's too late - To go any higher
You liar, liar, liar
So you call me on the telephone
Sayin' that you'll never do it again
But you've hurt me once too many times
And now I'm afraid it's the end.
All your beggin' and pleadin' won't help you
And you're lying' and cheatin' I'll take no more
'Cause I told you before and I'll tell you again
That I know, you know, and they know
Chorus: (A)
It's too late - I've walked out the door
It's too late - To tell me you're sorry
It's too late - To go any higher
You liar, liar, liar
(Repeat (A) till end
