

Pushin' Hard

Kingdom Come

I wish we'd end this suffering
And all this crazy ranting
Instead of weapon waving
There would be lives we're saving

Hard

Pushin' hard

Pushin' hard

Oh

My fear is for the children
And for the lives they're building

I wish I knew the answer

We could avoid disaster

Hard

Pushin' hard

Pushin' hard

Pushin' hard

So, let the sun stream on down from the sky
And let the m-m-moments slip on slowly by

Instead of p-pushin', pushin' hard

We wouldn't feel so lonely inside

Lonely inside, lonely inside

I wish we'd end this suffering

And all this crazy ranting

I wish I knew the answer

We could avoid disaster

Hard

Pushin' hard

Pushin' hard

Pushin' hard
