

# I Slept With Someone in Fall Out Boy and All I Got

## Fall Out Boy

I found the cure to growing older  
And you're the only place that feels like home  
Just so you know you never know  
And some secrets weren't meant to be told  
But I found the cure to growing older I'm the first kid to write of hearts, lies, and friends  
And I am sorry my conscience called in sick again  
And I've got arrogance down to a science  
Oh and I'm the first kid to write of hearts, lies, and friends now Douse yourself in cheap perfume it's  
So fitting so fitting of the way you are  
You can't cover it up can't cover it up So douse yourself in cheap perfume it's  
So, so fitting so fitting of the way you are  
You can't cover it up can't cover it up, no Find a safe place, brace yourself, bite your lips  
I'm sending your fingernails and empty bottles you've sipped  
Back to your family 'cause I know you will be missed  
So you can find a safe place Brace yourself they call kids like us vicious  
And carved out of stone  
But for what we've become? We just feel more alone  
Always weigh what I've got against what I left  
So progress report I am missing you to death Douse yourself in cheap perfume it's  
So fitting, so fitting of the way you are  
You can't cover it up, can't cover it up So douse yourself in cheap perfume it's so  
So fitting, so fitting of the way you are  
You can't cover it up, can't cover it up, no Someone old  
No one new  
Feeling borrowed  
Always blue Someone old  
No one new  
Feeling borrowed  
Always blue Someone old  
No one new  
Feeling borrowed  
Always blue Someone old  
No one new  
Always borrowed  
Always you I've found the cure to growing older  
I've found the cure to growing older Douse yourself in cheap perfume it's  
So fitting, so fitting of the way you are  
You can't cover it up, can't cover it up So douse yourself in cheap perfume it's  
So fitting, so fitting of the way you are

You can't cover it up, can't cover it up
