## Let Me Love You

## Da Buzz

Tonight, I know in my heart

I want to be with you

Let me love you tonightHow can I make you want me?

How can I make it for real?

I wanna love you, forever

I hope that you feel the sameI'd give everything for you

To make you want to stay

I'll give everything I have

I love you more than I can sayLet me love you tonight

And I'll make you feel alright

I know in my heart

I want to be with youOh, baby, let me love you tonight

And I'll make you feel alright

In a billion years, I won't be over you

Let me love you tonightI know you don't want to

Be without my love

And if you're gonna kiss me

You know that you'll have to stayI'd give everything for you

To make you want to stay

I'll give everything I have

I love you more than I can sayLet me love you tonight

And I'll make you feel alright

I know in my heart

I want to be with youOh, baby, let me love you tonight

And I'll make you feel alright

In a million years, I won't be over you

Let me love you tonightLet me love you tonightIn the light, I see your face

But only in my dreams

Let me be the one to hold your hand

And make you understandOh, let me love you

I want to make you feel alright

Yes, I know in my heart

I want to be with youOh baby, let me love youLet me love you tonight

And I'll make you feel alright

I know in my heart

I want to be with youLet me love you tonight

And I'll make you feel alright

In a million years, I won't be over you

Let me love you tonightLet me love you tonight
