

# Drown

## Limp Bizkit

It's getting closer to the end  
Every part of me  
And then disaster takes it's toll  
And now I'm left with only me  
Maybe sorrow plays a role  
When you feel unkind  
Your abuses will let her stand in a line  
Forever lost in time  
Save me, save me  
Before I drown  
Save me, save me  
Before I drown  
It's getting closer to the end  
I look back and smile  
We conquered every single bump in my road  
Made it all worth while  
Just remember how I cared  
When it came crashing down  
I'd like to toast to all those  
Angels that were always hangin' 'round  
Save me, save me  
Before I drown  
Save me, save me  
Before I drown, drown, oh, oh  
Maybe life ain't what it seems  
'Cause it's all a dream, forgive me  
Sometimes I feel like a fool  
'Cause I'm so uncool, forgive me
