

Electrolite

R.e.m.

Your eyes are burning holes through me
I'm gasoline, I'm burnin' clean
Twentieth century go to sleep
You're Pleistocene, that is obscene, that is obscene
You are the star tonight
You're sun electric, outta sight
Your light eclipsed the moon tonight
Electrolite, you're outta sight
If I ever want to fly
Mulholland Drive, I am alive
Hollywood is under me
I'm Martin Sheen, I'm Steve McQueen, I'm Jimmy Dean
You are the star tonight
You're sun electric, outta sight
Your light eclipsed the moon tonight
Electrolite, you're outta sight
If you ever want to fly
Mulholland Drive, up in the sky
Stand on a cliff and look down there
Don't be scared, you are alive, you are alive
You are the star tonight
You're sun electric, outta sight
Your light eclipsed the moon tonight
Electrolite, you're outta sight
Twentieth century go to sleep
Really deep, we won't blink
Your eyes are burnin' holes through me
But I'm not scared, I'm outta here
I'm not scared, I'm outta here
