Cause man I think I caught a good one fishing Net!

[Verse 1]Every good woman needs a man,
I'm a good woman, and he know that
Can you make me your 9 to 5, please?
Never take an off day from me!
In this grey day he get that,
When it's my time, he spend that!
Ain't no other place he rather be
Than putting over time in with me!
[Chorus]All The baggage he got nowis cuz of my past,
and he ain'tscared to carry it all!
He's a work it man, work it man, work it man

Tell him you don't needhim at all

Trying to take his girl better fall back
Cause he smiling don't mean he won'tgo,

Ain't coming home at night (yall know)

If he if he ain't showin love ain't on the up
If he if he ain't clocking up

[Chorus]All The baggage he got now
Is cuz of my past, and he ain't
Scared to carry it all!
He's a work it man, work it man, work it man
Work It man!
If he's to good to claim you
Here's what you do,
Tell him you don't need

When mr. rights right behind you.
[Lil Play]Yea you can be my nine to five
How you down to ride
The time I put in
To get your heart is bonifide
Houston to houston now tell me that's a great divide
But this ain't local shit, baby this nationwide
I got my eyes on you kelly, texting you on your celly
Just hoping we don't catch a dilemma ain't talking nelly!
You the hottest round so why you dressing up
I'm trying to dress you down
[Chorus]All The baggage you got now
Is cuz of my past, and he ain't
Scared to carry it all!
He's a work it man, work it man, work it man
Work It man!
If he's to good to claim you
Here's what you do,
Tell him you don't need
Him at all get a work it man, work it man,
Work it man, work it man
[Hook]You a work it man, show me what you working with
You a work it man, show me what you working with

What I need, he got it, when I need it he got it
What I want, he got it, when I want it he got it
