

Bringin' Da Noise

*NSYNC

Bringin' da noise, bring down the house
We came here to turn the party out
Say, "Come on, come on, let's raise the roof"
And give 'em proof that we can get loose y'all
Bringin' da noise, bring down the house
We came here to turn the party out
Say, "Come on, come on, let's raise the roof"
And give 'em proof that we can get loose y'all
We need to get down, the scene is set so right
Everybody's in the house tonight
Lose your mind, let your body take control
You've got to feel it in your soul
I've got that feeling, baby
You know it drives me crazy
And all I wanna do is hit the floor
I wanna shout it y'all
So make it louder y'all
And turn it up some more
Bringin' da noise, bring down the house
We came here to turn the party out
Say, "Come on, come on, let's raise the roof"
And give 'em proof that we can get loose y'all
Bringin' da noise, bring down the house
We came here to turn the party out
Say, "Come on, come on, let's raise the roof"
And give 'em proof that we can get loose
Bringin' da noise
Bringin' da noise
Just shake it girl and enjoy the ride
Do what you feel inside
'Cause it's your world, all you want and more
So baby, go and get yours
I've got that feeling, baby
You know it drives me crazy
And all I wanna do is hit the floor
I wanna shout it y'all
So make it louder y'all
And turn it up some more
Bringin' da noise, bring down the house
We came here to turn the party out
Say, "Come on, come on, let's raise the roof"
And give 'em proof that we can get loose y'all
Bringin' da noise, bring down the house
We came here to turn the party out
Say, "Come on, come on, let's raise the roof"
And give 'em proof that we can get loose
Bringin' da noise
Bringin' da noise
Bringin' da noise
I've got that feeling, baby
You know it drives me crazy
And all I wanna do is hit the floor
Bringin' da noise, bring down the house
