Advisory - the following lyrics contain explicit language:

Booty me downBooty me down

Take it to the ground

Bring it back up

Gimme gimme now

She a bad bitch

Make it bounce bitch

I make it rain trick

This some stripping shit

Then I dig her down

Make it wiggle down

Left ass cheek

Right cheek now

Hit the splits now

Make them pussy sounds

Three point stance

Time to get it nowBooty me downMake that ass clap

Gone bring it back

Where them girls at

Time to hammer that

Toot it then I boot it

Coochi is the target

And if she's not about it step up out my office

Got my homies now

She bootyed them down

We took her to the crib

Gained that booty down

I'm talkin' freaky shit

Time to get around

Twerk special session

It's time to get it nowBooty me downAh okay, where them girls at?Time to dig downBooty me downDown
