

# It's Just Me

Jon Bon Jovi

You know your favorite old pair of shoes  
The ones with the hole in the toe you won't lose  
Your favorite record that's all scratched and used  
But still you love to play when your feeling blue  
That faded rose that's all dried out  
Those Bukowski poems we couldn't live without  
Your high school picture when you had wild hair  
That stormy day on the beach that got us here  
Oh, you better believe there's just one thing you need  
Oh can't you see? It's just me baby  
It's just me baby  
If there's just one thing that you should keep  
In your book of dreams, it's just me baby  
Just like a shadow 10 feet tall  
Standin' right behind you should you fall  
I'll be the one to hold you up to walk  
When this wicked world makes us want to crawl  
And if your waves should ever break at sea  
I'll be there waitin, I'm that sandy beach  
I'm that same old dog, scratchin' those same fleas  
I'll be by your side, you can count on me  
It's just me baby  
It's just me baby  
If there's just one thing that you should keep  
In your book of dreams  
It's just me baby  
It's just me baby  
What's it gonna take to make you see  
What's it gonna take 'til you believe in me  
Oh, how my smile fades and my heart just breaks  
Every time you go away  
It's just me baby  
It's just me baby  
If there's one more thing that you should keep  
In your book of dreams  
It's just me baby  
It's just me baby  
What's it gonna take to make you see  
What's it gonna take 'til you believe in me  
And if someday some new memory comes along  
Lookin' shiny new, feelin' really strong  
You can tell him that I'll tell him, he can just move on  
I'm a fighter, I've been fightin' for you all night long  
It's just me baby  
It's just me  
It's just me baby  
It's just me
