Concentrate On You

L.T.D.

You're a silhouette of splendor
I love to remember
Oh it helps me through these hours I spend
Away from you
People wonder how I do it
Oh it ain't nothin' to it
These gentle thoughts of you
Makes it worth goin' through
You gave me a special kind of feelin'
Makes it so easy and oh so pleasin'
To concentrate on youConcentrate on youIt takes separation
To bring appreciation
And I want to thank you for all the love too
The secret lies within our minds
The love we share and the time that binds
Help me concentrate on youConcentrate on you
Concentrate on you
Concentrate on youThe secret lies within our minds
The love we share and the time that binds
Help me concentrate on you
Do you remember?
When I used to come by
And pick you up and take you out
We had a love call, yes we did girl
And it went something like this(Love call)
Ha, ha, that was our love call
And in a distance I heard you say(Love call)
And I'd say, that's my sweet baby
That's my sweet baby
And you know what, it would always
Make me, make me sit downAnd concentrate on you
Concentrate on you
