

# Run Away

Leighton Meester

You came round makin' me feel so sweet  
You made me fall hard  
You made me want you man and nothing more  
You made me say "Oh my God" But lately I'm finding  
We need some reminding Run away, home with me  
Run away into our past  
Run away, let's kick around  
All we've had and lost  
All we've had and lost We can make it back to when it was a lullaby  
If only we try  
I'm not giving up for anyone or anything  
I'll stay by your side Yeah maybe, it's changing  
But baby, we'll make it Run away, home with me  
Run away into our past  
Run away, let's kick around  
All we've had and lost  
All we've had and lost Love ? Feel like  
Love ? Take my hand let's fly  
I don't know why Run away, home with me  
Run away into our past  
Run away, let's kick around  
All we've had and lost Run away, home with me  
Run away into our past  
Run away, home away with me  
Run until there's nothing left
