Headlights

You're a Technicolour glow
I'm about to take control
Get in the mood, in the zone
Just in case our stars are aligned
I'm a piece of a mosaic
In the company of changes
Make my way through the mazes
Just in case I see you tonight

[pre]:
All these colors are flooding my eyes
I donâ€™t know if Iâ€™ll make it alive
Iâ€™ll be fine, Iâ€™ll be fine, Iâ€™ll be fine. So

[Chorus]:
I keep you in my headlights
Whenever Iâ€™m swerving at midnight
Can't see past my headlights
Iâ€™ll call right before I crash
Youâ€™ll be caught in headlights
Whenever Iâ€™m swerving at midnight
Iâ€™ll never hit the brake lights
Iâ€™ll call right before I crash
I'll call right before I crash

Iâ€™m dizzy but Iâ€™m focused
Itâ€™s a physical hypnosis
I sweep into the moment
Just in case our stars are aligned

[pre]:
All these colors are flooding my eyes
I donâ€™t know if Iâ€™ll make it alive
Iâ€™ll be fine, Iâ€™ll be fine, Iâ€™ll be fine. So

[Chorus]:
I keep you in my headlights
Whenever Iâ€™m swerving at midnight

Can't see past my headlights
Iâ€™ll call right before I crash
Youâ€™ll be caught in headlights
Whenever Iâ€™m swerving at midnight
Iâ€™ll never hit the brake lights
Iâ€™ll call right before I crash
I'll call right before I crash

Bm D A G
I Got you locked on my radar (eh)
Never let you get too far (eh eh)
With my glow-in-the-dark heart (eh)
Iâ€™m allergic to the darkness

X2

[pre]:
All these colors are flooding my eyes
If I let go I know I'll be blind... (So don't)
Iâ€™ll be fine, Iâ€™ll be fine, Iâ€™ll be fine. So

[hook]
I keep you in my headlights
Whenever Iâ€™m swerving at midnight
Can't see past my headlights
Iâ€™ll call right before I crash
Youâ€™ll be caught in headlights
Whenever Iâ€™m swerving at midnight
Iâ€™ll never hit the brake lights
Iâ€™ll call right before I crash
I'll call right before I crash
