

Chevy Van

Sammy Kershaw

I gave a girl a ride in my wagon
Now she crawled in and took control
She was tired as her mind was draggin'
And I said get some sleep, we'll get on down the road
Like a picture she was laying there
And moonlight dancing off her hair
She woke up and took me by the hand
She's gonna love me in my Chevy van and that's all right with me
Her young face was like that of an angel
And her long legs were tanned and brown
You better keep your eyes on the road, son
Better slow this vehicle down 'Cause like a picture she was laying there
And moonlight dancing off her hair
She woke up and took me by the hand
She's gonna love me in my Chevy van and that's all right with me
I put her out in a town that was so small
You could throw a rock from end to end
A dirt road main street, she walked off in her bare feet
And it's a shame I won't be passin' through again
Like a picture she was laying there
And moonlight dancing off her hair
She woke up and took me by the hand
We made love in my Chevy van and that's all right with me
Yeah, like a picture she was laying there
And moonlight dancing off her hair
She woke up and took me by the hand
We made love in my Chevy van and that's all right with me
All right with me
