

# Dancer In The Dark

Björk, Catherine Deneuve

Fate lies ahead  
Like the sun will rise  
The light has been gone  
Far too long from your eyes  
But you never changed  
Never played your part  
And you have erased  
All the fear from your heart

And try to forget  
The light in your eyes keeps fading out  
The Night's fading deeper in the heart  
Hiding the truth and crashing down  
My baby's dancer in the Dark

You've seen it all  
You don't mind going blind  
You've seen it all  
All the wonders of life  
Run to your boy  
Don't conceal your scars  
Run to your boy  
Let him feel your love  
Before it's so late

And try to forget  
The light in your eyes keeps fading out  
The Night's fading deeper in the heart  
Hiding the truth and crashing down  
My baby's dancer in the Dark

Your sight is dying but you keep on trying  
To save your boy  
You keep on lying but your false illusions  
Will be destroyed  
You heard it singing but you dance away  
Like a falling star
