The Crestfallen (Drop's Syber Revision)

Soilwork

Don't question any lies,
There's no reason to find
Another trip to cause a denial
Yet you're stripped and you hope is gone
Another trap for you to fall into
You swallow every threat that will enter your mind
Enter you mind!
A shadow just as dark as your past
Is leading the way through the web of desire
Healing all the wounds in your chest
Vengeance is rising
Can I ever resolve, if it's a matter of time?Just remember
Where you've spent you time
Can't respect all the tears you have cried
Just remember
Can't trace your fate with a pitiful crimeDon't question any lies,
There's no reason to find
Another trip to cause a denial
Yet you're stripped and you hope is gone
Another trap for you to fall into
Can I ever resolve, if it's a matter of do or die
Can I ever resolve, if it's a matter of time(repeat chorus)There's no way to dig much deeper
If you think it's alright
Assorting the right from the wrong ones,
That you have learned so wellYou're stucked you can't rememeber
The light is turning dim, you're trapped
Although you've been there a thousand times
Before (repeat)
Crestfallen be thy name (repeat)
