Believed

Jeff Jackson

Frankly modest, speech dishonest
Eyes upon us like a vulture in the sky
Hovering carcass, molding earth, filthy birth afterFriction based upon fiction replacing friendship
Untrueness, speculation, concentration
Heresy is controlling us, all this flagrant foul stench
Upon us overwhelming everybody like an imaginary forklift fatherYou point your finger as a scolding motherfucker, sucker
Blamin' evil upon another, under that pedestal
You hold yourself so high above us, I can't imagine what it's like
To not give a shit about nothin'Lives the whole damn story led in motion
Peers are punished for their individuality separating us allI can't believe my friends would make such a lie
Even though it was I that dishonored your trust
But it's done, can't change the past
I'm gonna make us last, just believe in me
And I'll show you that they're not so trueYou point your fingers as a scolding motherfucker, sucker
Blamin' evil upon another under that pedestal
You hold yourself so high above us, I can't imagine what it's like
To not give a shit about nothin', but thatFrankly modest, speech dishonest
Eyes upon us like a vulture in the sky
Lives the whole damn story led in motion
Peers are punished for their individuality separating us allYou're frankly modest, you're speech dishonest
Your eyes upon us like a vulture in the sky
Because you're, you're frankly modest, you're speech dishonest
Your eyes upon us like a vulture in the skyLive, lives the whole damn story led in motion
Peers are punished for their individuality separating us allLives the whole damn story led in motion
Peers are punished for their individuality separating us all
