

# Greater Than

## Ally Rhodes

Here in a box I hide the letters  
Written, postmarked with your name  
    Secrets I wish I could only share  
With a heart that feels, feels the same  
    And here we fall to pieces  
In front of each other but we know  
    Somehow we're greater  
    Than our lonely fears  
Here's where the notes were torn and crumbled  
    Before feelings could reach the page  
    Try to replace some sober thought  
From emotion, fists held up with rage  
    And here we fall to pieces  
In front of each other but we know  
    Somehow we're so much greater  
    Than  
    Here we fall to pieces  
In front of each other but we know  
    Somehow we're greater  
    Than our lonely fears  
Though I'm a simple mind, I know  
I can see the picture drawn out here  
    You are the reason I have found  
    To keep believing in these years  
    And though the road is long  
The trying keeps us holding on this way  
    And make no mistake, this is love  
    Love, love, love, this is love, love  
    And here we fall to pieces  
In front of each other but we know  
    Somehow we're so much greater  
    Than  
    Here we fall to pieces  
In front of each other but we know  
    Somehow we're greater  
    Than our lonely fears
