

# Medicine

## Daughter

pick it up  
pick it all up  
and start again you've got a second chance  
you could go home  
escape it all  
it's just irrelevant  
it's just medicine  
it's just medicine you could still be  
what you want to  
what you said you were  
when i met you you've got a warm heart  
you've got a beautiful brain  
but its disintegrating  
from all the medicine  
from all the medicine  
from all the medicine  
from all the medicine  
medicine you could still be  
what you want to be  
what you said you were  
when you met me you could still be what you want to  
what you said you were  
when i met you  
when you met me  
when i met you
