Reflection

Unfinished Thought

I Am Becoming Aware Now
Of What They've Done To Me
I've Got Your Ordinary Disease
Tomorrow Comes And Nothing Has Changed
Yesterday Was A Perfect Reflection Of Today
Do You Remember Your Dreams
Did They Ever Look Like This
I Wish I Could Be There
As You Prepare Another Blank Stare
Not Willing To Admit
You've Already Become All You Could Have Been
There Was A Time

When You Refused To Follow
Before You Learned The Beauty Of Shame
Before You Left Me Behind
To Drown In The Afterglow
Somewhere Along The Line
Between When I Said Goodbye
And When I Realized
I Couldn't Remember The Color Of Your Eyes
I Lost The Ability To Truly Shine
I Tried To Smile For You
I Really Did
