

# Reflection

## Unfinished Thought

I Am Becoming Aware Now  
Of What They've Done To Me  
I've Got Your Ordinary Disease  
Tomorrow Comes And Nothing Has Changed  
Yesterday Was A Perfect Reflection Of Today  
Do You Remember Your Dreams  
Did They Ever Look Like This  
I Wish I Could Be There  
As You Prepare Another Blank Stare  
Not Willing To Admit  
You've Already Become All You Could Have Been  
There Was A Time

When You Refused To Follow  
Before You Learned The Beauty Of Shame  
Before You Left Me Behind  
To Drown In The Afterglow  
Somewhere Along The Line  
Between When I Said Goodbye  
And When I Realized  
I Couldn't Remember The Color Of Your Eyes  
I Lost The Ability To Truly Shine  
I Tried To Smile For You  
I Really Did
