Rocket To God

Hall & Oates

I can't live without you, I can't let go, oh no, yeah
Everybody tells me, "Daryl, walk away"
So, they don't know the power we have together
Ain't no one can tell me what to believe
Oh baby, you move my soul like a rocket to God, hey, yeah
Oh honey, I wanna fly to your arms
I dream too much about you, both the good and the bad
Ooh, maybe I'm too jealous but I don't really care
Everytime you hurt me, it's a scar on my heart
Everytime you love me, it's ecstasy, my dear
Oh baby, you move my soul like a rocket to God, yeah
Oh honey, I wanna fly to your arms, ooh
Oh baby, you move my soul like a rocket to God [Incomprehensible]
Oh honey, I wanna die, die in your arms
I can feel you, baby, even though you're nowhere near
Ain't no one to save me, don't want to stop, I wanna go up
(Like a rocket)
Ooh, I wanna fly, yeah
(Like a rocket)
Oh babe, I'm outta control, outta control, outta control
(Like a rocket)
Yeah, I can't stop, girl
(Like a rocket)
Every time you love me right
It's ecstasy in it's own right
(Like a rocket)
Oh baby, I wanna fly to your arms
A rocket to God, ooh
Just can't stop, I wanna go up
I wanna rock, rock, rock, rock, rock, girl
(Like a rocket)
Ooh babe, ooh, I wanna fly to your arms
(Like a rocket)
Like a rocket, like a rocket
Like a rocket, like a rocket, like a rocket
