

Pretty Persuasion

[R.E.M.](#)

It's what I want, hurry and buy
All has been tried follow reason and buy
Cannot shuffle in this heat, it's all wrong
Try to put that on your sleeve, it's all wrong, it's all wrongHe's got pretty persuasion
She's got pretty persuasion
God damn, your confusion
She's got pretty persuasionIt's what I want, hurry and buy
All has been tried follow reasoning
And I put that in this heat, it's all wrong
Try to wear that on my sleeve, it's all wrong, all wrongHe's got pretty persuasion
She's got pretty persuasion
God damn, your confusion
He's got pretty persuasionIn the light I saw
Quite a scene thereIt's what I want, hurry and buy,
All has been tried, follow reason and buy,
Try to put that in this heat, it's all wrong
Cannot wear that on your sleeve, it's all wrong, it's all wrongHe's got pretty persuasion
She's got pretty persuasion
God damn, your confusion
He's got pretty persuasion
