Don't Love Anybody Else But Me

Triumph

You can talk or I can beat my head against the wall
'Cause that'd be just as easy
And I, I can't keep giving you it all
Not if you're just gonna tease meNow I don't know
How it's supposed to be
But as long as you say
That you're in love with me, darlin'You don't love anybody else but me
Don't be waiting for some fantasy
Don't love anybody else but meI could ask what it is that's burning you inside
But then what would protect me?
In the past I never had this much riding on the line
No, I can't let you reject me'Cause no one else
Kept you this satisfied
And I'm not gonna wait
For you to read my mind, so darlin'You don't love anybody else but me
Don't be waiting for some fantasy
Don't love anybody else but me
Why can't I be your reality?
Don't love anybody else but meHow could you do this to us?
Am I askin' too much?
Don't look at me like there is nothing you can say
Don't take our love and throw it all awayAnd you can talk and the I can hold you in my arms
At least that's what I'm hoping but you
Don't know if we can undo the harm
You say there's no way of knowingBut if you're not asking me
To set you free
And as long as you claim
To be in love with me, darlin'Please don't love anybody else but me
Don't be waiting for some fantasy
Don't love anybody else but me
Why can't I be your reality?
Don't love anybody else but me
