

# Can This Be Love

## Blue System

Why does a man has to be strong?  
Why does a love is bad and wrong?  
Why does a girl has to be weak ?  
And my angel never speak ?  
Why does a secret never fly ?  
All my hope will ever die  
An empty road - a broken light  
A bitter love - I feel inside  
We'll never make it - that's clear  
You hypnotised me in my fear  
I give my flesh, my blood, my heart  
You want my money - broke apart  
My heart can build a bridge to you  
Love is the mission, you're the fool  
What can I do to change your mind ?  
What kind of boy you want to find ?  
Can this be love ?  
I'm losing you  
I fell in love  
Now, I'm your fool  
Can this be love ?  
The price is high  
To ruin my life  
For lipstick lies  
Can this be love ?  
Hold on to me  
Don't leave me here  
Come in my dream  
A city light - the friends are gone  
My heart is searching - I'm alone  
There's no me, babe without you  
How could an angel make me blue  
Kissing a lie is hard to know  
But I'm the biggest fool of all  
How can you stop the sun to shine ?  
You are my friend - I thought you were mine  
I can not read between your lies  
It's you my babe who never tries
