Maybe They're On to Us

NEEDTOBREATHE

I feel their eyes all over me
Its lookin' like conspiracy
I'm out of friends that I can trust
Maybe theyre on to us
My heart is filled with suspicion
I've got a fearful condition
Its more than just paranoia
Maybe theyre on to us
Maybe theyre on to usYou're not the only one
To sleep through the firing squad
To scream through the night at God
Wake in a pouring sweat you hear the sound
Can't even turn around
Hand reaching from the ground
Who's gonna save us
Who's gonna save us nowIm looking up in the rear view
Crowds that I can't seem to push through
Strangers and operations
Maybe theyre on to us
My hands are shakin' like a leaf
Can't even see in front of me
I know its just paranoia
Maybe theyre on to us
Maybe theyre on to usYou're not the only one
To sleep through the firing squad
To scream through the night at God
Wake in a pouring sweat you hear the sound
Can't even turn around
Hand reaching from the ground
Who's gonna save us
Who's gonna save us now
Who's gonna save us nowIm not the only one
The fear is like a flood
Its movin' on me now
The screams they catch us
The screams they catch usThe fear is like a flood
Its movin' on me now
The screams they catch us
Whos gonna save us nowYou're not the only one

To sleep through the firing squad
To scream through the night at God
Wake in a pouring sweat you hear the sound
Can't even turn around
Hand reaching from the ground
Who's gonna save us
Who's gonna save us now
