At the End of It All

Combichrist

The devil don't change, devil changes youI carve your name straight across my wrist
Your voice bleeds through yelling out my name
Left with a choice, stand tall or fall down
The laughter in your eyes, now it's all the sameI would offer you my life just to see through your eyes
Just to see the world as it's meant to be seen
What became of me, it never hurt like this
At the end of it all a heartless machineAt the end of it all
At the end of it allNow I stand alone
At the end of it all
Now I stand alone
At the end of it allEverything I need, in front of me
What I want it to be, it cannot be
I never let it out in secrecy
Within this world, inside of meEverything I need, in front of me
What I want it to be, it cannot be
I never let it out in secrecy
Within this world, inside of meNow I stand alone
At the end of it allAt the end of it all
Now I stand alone
At the end of it all
Now I stand alone
At the end of it allNow I stand alone
At the end of it all
Now I stand alone
At the end of it all
