

# I Pledge Allegiance

Nate Dogg

I, pledge allegiance  
To all my homies who may never  
Love a ho and never will  
I, give my body  
And I give my soul to the funk  
May the funk, never end  
I pledge allegiance, to paper chasers  
To hustlers who be steady pullin' capers  
Peace and blessing  
May the sun always shine on you  
I'm servin' paper, see you later  
I guess that's one mo' thing, I can't be fainted  
You can test me, get discombobulated  
Ain't no question I'm gonna fuck with this  
I do it for the funk of it  
I, pledge allegiance  
To all my homies who may never  
Love a ho and never will  
I, give my body  
And I give my soul to the funk  
May the funk, never end  
I pledge allegiance to my homies who keep it gangsta  
Fuck all the haters they can't stop this groove  
I pledge allegiance to the game 'cause it got me ballin'  
Game don't wait so I'm not stallin'  
I'm still dissin', she's still callin'  
See this is front line, no turnin' back now  
I'm about to score, this is war on the track now  
Give me my vest and my ammo and my mac now  
I'm 'bout to spit it, and Lord  
I'm a get it in the worst way  
Slay, competition move the opposition  
Back wake the fuck up 'cause when I get beyond enemy lines  
I might snipe that ass like John Kennedy's mind  
Thou shall not get caught, that's the remedy  
Disinfect gun wounds on my last bottle of Hennessy  
Bleed to let the seeds remember my memories  
It's killed or be killed here son that's the penalty  
Ride for the funk, cry for the funk

In the heat of night, I die for the funk  
Pharaoh, when I'm six feet deep there's no greivin'  
Salute the noblest troop and pledge allegiance 'cause  
I, pledge allegiance  
To all my homies who may never  
Love a ho and never will  
I give my body  
(I pledge allegiance to my homies who keep it gangsta)  
And I give my soul to the funk  
(Fuck all the haters they can't stop this groove)  
May the funk, never end  
(I pledge allegiance to the game 'cause it got me ballin')  
(Game don't wait so I'm not stallin', I'm still dissin', she's still callin')  
I, pledge allegiance  
To all my homies who may never  
Love a ho and never will  
I, give my body  
And I give my soul to the funk  
May the funk
