

# Naive Orleans (Acoustic)

Anberlin

Come and go now as you please  
Your actions write the melodies  
To those songs that we sing  
And you just sing And I finally found that life goes on without you  
And my world still turns when you're not around Is this the way you want it?  
Is this the way it has to be?  
Sitting here beside you  
But my heart's lost in New Orleans Dreams come clever  
Hearts now severed  
Difference of forever  
And I am lost there And I finally found that life goes on without you  
And my world still turns when you're not around  
And I finally found that life goes on without you  
And my world still turns when you're not around  
And I finally found that all Your actions write the melodies  
To the songs that we sing  
Your actions write the melodies  
To the songs that we sing  
And you just sing along out loud, yeah Come and go now as you please  
Your actions write the melodies  
To those songs that we sing  
And you just sing And I finally found that life goes on without you  
And my world still turns when you're not around  
And I finally found that life goes on without you  
And my world still turns when you're not around  
And I finally found that all Your actions write the melodies  
To the songs that we sing  
Your actions write the melodies  
To the songs that we sing  
And you just sing along out loud
