Beauty Towne

Xiu Xiu

Three boys,
In a burning panzer,
Doing nothing not to shove our throats in the flames,
We shan't let go.Oh, friend,
Oh, foe,
Oh, friend,
Oh, foe.Beauty towne,
How little have we learned,
Beauty town,
The fruit that we deserve,
And we had,
And we had,
And we had more than we could take.Three orcs,
Under a plague of darkness.
And like Egypt,
We had it coming all along.
I.
Won't.
Believe.Oh, fiend,
Oh, foe,
Oh, fiend,
Folio.Beauty towne,
How little have we learned,Beauty town,
The fruit that we deserve,
And we had,
And we had,
And we had more than we could take.Beauty towne,
The hair remains the same,
Beauty towne,
Hanging rope of shame,
And we tried,
And we failed,
Not to live this way again.Chelsea Alvarez,

How little have we learned,

The fruit that we deserve,
And we had,

Hung by the rope of shame.
And we tried,
And we failed,
Not to live this way again
