Temptation

Heaven 17

I've never been closer

I've tried to understand

That certain feeling

Carved by another's handBut it's too late to hesitate

We can't keep on livin' like this

Leave no track

Don't look backAll I desire

Temptation

Keep climbin' higher and higher

TemptationAdorable creatures

Temptation

With unacceptable features

TemptationTrouble is coming

Temptation

It's just the high cost of loving

TemptationYou can take it or leave it

Temptation

But you'd better believe itYou've got to make me an offer

That cannot be ignored

So let's head for home now

Everything I have is yoursStep by step and day by day

Every second counts, I can't break away

Leave no trace

Hide your faceAll I desire

Temptation

Keep climbin' higher and higher

TemptationYou can take it or leave it

Temptation

But you'd better believe itStep by step and day by day

Every second counts, I can't break away

Keep us from temptation

Keep us from temptation

Keep us from temptation

Lead us not into temptationTrying to find it

Temptation

You've got to get up behind it

TemptationPut your dime in the hot slot

Temptation

But it's a million to one shot

TemptationYou think that you're right no Temptation You're going to fake it tonight now TemptationGive me a breakdown Temptation Because it's time for a shakedown TemptationTemptation Temptation
