Breathe Without

He Is We

La da da dum dum dum
La da da dum

What do you know? I went and got myself all in a mess,
Get a little invest, youâ€™re not gonna mess it up this time.
Here we go, yes is now, Iâ€™m melting us together,
Iâ€™m feeling a little bit crazy, Iâ€™m thinking that maybe
I could blow your mind,
If thatâ€™s all right.

Iâ€™d love to take you away from here,
Hold on and magically disappear.
Itâ€™s all the rush from the inside out,
A feeling I couldnâ€™t breathe without.

Who wouldâ€™ve known that I could ever feel this way?
Youâ€™re miles away, unless you say â€˜Iâ€™m with you today, where you are!â€˜
Iâ€™ll meet you oh so very far, so grab your guitar and jump in my car,
Alone and away, yeah.
Thatâ€™s okay-ay-ay-ay-ay-ayy

Iâ€™d love to take you away from here,
Hold on and magically disappear.
Itâ€™s all the rush from the inside out,
A feeling I couldnâ€™t breathe without.
Take all of me, hold on tight.
This time, I swear that weâ€™ll do it right.
Itâ€™s all the rush from the inside out,
A feeling I couldnâ€™t breathe without.

Iâ€™d love to take you away from here,
Hold on and magically disappear.
Itâ€™s all the rush from the inside out,
A feeling I couldnâ€™t breathe without.

Iâ€™d love to take you away from here,
Hold on and magically disappear.
Itâ€™s all the rush from the inside out,
A feeling I couldnâ€™t breathe without.
Take all of me, hold on tight.

This time, I swear that weâ€™ll do it right.
Itâ€™s all the rush from the inside out,
A feeling I couldnâ€™t breathe without.

Ohhh, I couldnâ€™t breathe without.
Ohhh, woah, I couldnâ€™t breathe without.
-repeat and fade-
