What Were You Expecting

Halestorm

I know what you must be thinking, you're not right
You should know I'm not your baby, not tonight
(I never was)
The kinda girl to trip and fall in love
(I never was)
The kind to say enough is not enough
(I never was)
The touchy, feely, co-dependent kind
I like the feeling but I'm not on cloud nine
You love it, you hate it
You think it, you say it
You want it, you need it
I tell you but you don't believe it
What were you expecting?
Another lullaby? Are you kidding?
You must be high, you must be high
'Cause it was just one kiss
Hey, hey, hey
Hey, hey, hey
I don't need your flowers, they'll just go to waste
I don't want your candy 'cause I don't like the taste
(I never was)
No possibility I'll stick around
(It never was)
But my intention just to let you down
(I never was)
The kinda girl who's good at playing house
You want it, you need it
I tell you but you don't believe it
What were you expecting?
Another lullaby? Are you kidding?
You must be high, you must be high
'Cause it was just one kiss
Hey, hey, hey
Hey, hey, hey
Everything about you makes me scream
Be a man and get up off your knees
Try to say this in the nicest way
What were you expecting?

Another lullaby? Are you kidding?
You must be high
Why were you expecting?
Another lullaby? Are you kidding?
You must be high, you must be high
'Cause it was just one kiss
Hey, hey, hey
Hey, hey, hey
Hey, hey, hey
Hey, hey, hey
