

# Silver Moonlight (Instrumental)

## Within Temptation

Turn around, open your eyes  
Can't move on, the fear is tying you down  
Open your eyes, it's all right I'm hellhound in this life  
Keep fighting this endless war  
It's always been like this, I don't know why  
Enslavement of your mind  
Your fear it ties me down  
Going down, I won't bow, no Screaming at the walls of fire  
They're closing in on me  
I hunger for the vertigo, the silver moonlight  
It's where I wanna be  
Screaming at the walls of fire  
But I'm still running free  
In the silver moonlight I can breathe These days are only now  
Breathing in the coldest lies  
I think that's only what you have in mind  
Holding on to the best of you  
I hit the pavement  
Going down, I won't bow, down Screaming at the walls of fire  
They're closing in on me  
I hunger for the vertigo, the silver moonlight  
It's where I wanna be  
Screaming at the walls of fire  
But I'm still running free  
In the silver moonlight I can breathe I'm impatient, but it's colors that I need  
Too many shades of grey, I cannot breathe  
The dreams I have ain't tainted, I need you to believe  
The only way to make them real Screaming at the walls of fire  
They're closing in on me  
I hunger for the vertigo, the silver moonlight  
It's where I wanna be  
Screaming at the walls of fire  
But I'm still running free  
In the silver moonlight I can breathe Turn around, open your eyes  
Can't move on, the fear is tying you down  
Open your eyes, it's all right
