

Legend of Zelda – the Windwaker: Dragon Roost Island

London Philharmonic Orchestra

May the wind be our guide
on our journey over sea
leaving the great waves behind us
no boundaries be free from the north to the vast south
from the far east to the west
our journey continues
to complete our holy quest the sea stream creates our way
through the night and day
may the wind be our friend
and be with us until the end and we sail through mystic waters
we will sail through misty storms
we will sail through epic battles
we keep going and stand strong the sea stream creates our way
through the night and day
may the wind be our friend
and be with us until the end
